INFORMATION SECURITY POLICY

The information security policy is a set of rules and guidelines that dictate how the Corporation's information assets shall be used, managed and protected. To this end, an Information Security Management System (ISMS) has been implemented.

PURPOSE

This policy is a documented commitment by top management towards ensuring that information assets are protected from unauthorized access, disclosure, manipulation and ensuring confidentiality, integrity and availability.

SCOPE

This policy applies to all Corporation's users and third parties who by virtue of contract/temporary engagement have access to NHC's information assets.

OUR COMMITMENT

At NHC we shall:

- Ensure protection against loss of confidentiality, integrity and availability of the Corporation's information assets.
- Maintain and continually improve ISMS in accordance with the requirements of ISO 27001:2013 Standard.
- Ensure compliance with all relevant regulatory and legal requirements.
- Endeavor to communicate the policy to all relevant stakeholders.
- Periodically update the information security policies and procedures.

Compliance with this policy is mandatory.
